ARE YOU A MOM LESS THAN 12 MONTHS POSTPARTUM OR UP TO 18 IF STILL BREASTFEEDING?

- ◆ You have the potential to improve postpartum care for future mothers by participating in 3 short online anonymous surveys!
- ◆ It will only take approximately 15- 40 minutes of your time, and no personal information is required.
- ◆ Want to help, but you do not meet the requirements? Please share with moms you know who qualify or share on your socials.
- ◆ To participate one must have given birth at 24 or more weeks gestation, be living in the United States, 18-55 years old and have the ability to read the English language
- ◆ To participate, click the link below in the caption or save it for later if you do not currently have the time.
